

Maroon5 Maps

A B C#m  
I miss the taste of the sweet life (riff)

A B C#m  
I miss the conversation

A B C#m  
I'm searching for a song tonight

A B C#m  
I'm changing all of the stations

A B C#m  
I like to think that we had it all

A B C#m  
We drew a map to a better place

A B C#m  
But on that road I'm super fall

A B C#m  
Oh baby why did you run away?

F#m

I was there for you

F#m

In your darkest times

G#

I was there for you

G#

In your darkest nights

A B

But I wonder where were you

C#m

When I was at my worst

A B

Down on my knees

C#m

And you said you had my back

A B

So I wonder where were you

C#m A B  
All the roads you took came back to me

C#m A

So I'm following the map that leads to you

B C#m

The map that leads to you

A

Ain't nothing I can do

B C#m

The map that leads to you

C#m A

Following, following, following to you

B C#m

The map that leads to you

I hear your voice in my sleep at night

A B C#m

Hard to resist temptation

A B C#m

Cause all these strangers come over me

A B C#m

Now I can't get over you

A B C#m

No I just can't get over you
